

WEEKLY LOCAL MISSION TRIP

SFC MISSION TRIP SUMMARY:

- With the support of adults, this is a student-led local mission trip to five at-risk communities.
- SFC students with adults and Collision will work together to build five teams. Teams can include SFC's elementary to high school students, current employees, family members, alumni, and church community.
- While loving and serving diverse needs, these unified teams of 2-20+ will search for faithful men, women, and youth who want to help transform their community.

WHAT IT WILL TAKE:

- In order for SFC to reach an estimated 30,000 people in five at-risk communities, each of the five teams will split into three smaller teams: one will go to the community center, another to the neighborhood to share the Gospel, and the last will do house visits.
- Our prayer is to find the persons of peace who will be equipped and empowered to sustain long-term community transformation through multiplication! *Luke 10:1-11*

END VISION:

In 2-5 years this weekly mission trip should result in:

- Local leaders developing - *2 Timothy 2:2*
- Individuals and families being equipped and empowered to meet diverse needs - *Acts 6:1-7*
- Neighbors forming deep relationships and trust being established in the community - *Acts 19:8-10*
- The Good News being shared on a daily basis in the community - *Matthew 28:18-20*
- Consistent testimonies and local overseers established - *1 Corinthians 4:15-17*
